Our Writers LIVE! series brings the community together with authors and their books. Our Sixth Annual event boasts an exciting line-up of bestselling authors who will discuss their latest works, chat with you, and sign books. These talks will be held across the county at different library locations from January through April.

This series is made possible through the generous support of the Friends of the Palm Beach County Library System, Inc.

MARCH IS NATIONAL WOMEN'S HISTORY MONTH

Women’s History month officially began in America in February of 1980 when President Jimmy Carter issued a presidential proclamation declaring the week of Mar 8, 1980, as National Women’s History Week. In 1987 Congress designated March as National Women’s History Month to honor the accomplishments of women throughout history.

Each year, The National Women’s History Project chooses a theme and designates honorees to recognize the important role women play in history. This year’s theme, “Celebrating Women of Character, Courage, and Commitment,” honors the determination and tenacity of women who demonstrate character, courage, and commitment as mothers, educators, institution builders, business, labor, political, religious, community leaders, relief workers, and CEOs. Their lives and their work inspire girls and women to achieve their full potential and encourage boys and men to respect the diversity and depth of women’s experience.
