Money Smart Week began nearly 10 years ago with partnerships between The Federal Reserve Bank of Chicago and assorted community groups, financial institutions, government agencies, educational organizations, and financial experts, all designed to help consumers learn to better manage their personal finances.

The Money Smart Week model has grown beyond Chicago with successful campaigns taking place in more than a dozen states and clusters of individual events and activities in nearly forty states. National partnerships with the American Library Association and the Financial Planners Association has increased the effort’s reach and accelerated its growth.

Money Smart Week 2014 runs from Apr 05 – Apr 12. The Palm Beach County Library System will again be participating by offering classes and programs around the county for all ages. To learn more about personal finance, careers, consumer safety, grant-seeking, thrifty lifestyle tips and more, join us at one of our Money Smart events this month!

Entrepreneurs are also people with full-time jobs who work a few hours a week at their own businesses to bring in some extra cash and have some fun. Sound appealing? Phil Scruton of the Small Business Development Center at PBSC informs and inspires on a path that doesn’t require you to go “all-in.” (2 hr.) Preregister by calling 561-862-4726.
