Internet Safety Awareness Week
April 20-25

The Internet offers an array of entertainment and educational resources for children, but also presents some risks. The Palm Beach County Library System will celebrate Internet Safety Awareness Week, April 20-25. During the week, Internet Trainers will be speaking with parents at story times about how they can help their children be safer in the cyber world. Bookmarks with Internet safety tips will be available at the children’s desk in all locations.

Get Money Smart

The Palm Beach County Library System will be participating in the national public awareness campaign, Money Smart Month in April, by offering classes and programs throughout the county.

Money Smart Month programs are for everyone: from job seekers to small business owners to thrifty consumers. Events cover a variety of topics to help Palm Beach County residents improve their credit score, fight against senior scams, prevent identity theft, write a grant, read a financial statement, and much more. For a complete listing of programs visit www.pbclibrary.org.

Money Smart Month promotes financial education across all age groups. Launched in 2002 by the Federal Reserve Bank of Chicago, the program is now active in more than 45 states through national partnerships with the Certified Financial Planner Board of Standards, Consumer Financial Protection Bureau and USDA (United States Department of Agriculture) Cooperative Extension and the American Library Association.

“We are excited to offer such a wide variety of tools and educational opportunities to help the Palm Beach County’s economy grow!” said Susan Berger, award-winning business librarian at the Main Library.

To learn more about personal finance, careers, consumer safety, grant-seeking, thrifty lifestyle tips and more, join us at one of our Money Smart events this month!
