From the Director

50 years is a birthday worth celebrating with friends! On September 29, 1969 the Palm Beach County Board of County Commissioners adopted a resolution “for the establishment, maintenance and operation of a free library service in Palm Beach County.” The first branch library was located in the Gallery Square in Tequesta with a bookmobile serving other areas of the County. Since then the library has expanded with 17 locations and a Bookmobile serving residents in the unincorporated areas and 24 municipalities.

To commemorate this golden anniversary, the Library System, along with the Friends of the Library are hosting a yearlong celebration with monthly thematic activities to incorporate our mission to connect communities, inspire thought and enrich lives. The festivities will include signature events including a community celebration, a reception and silent auction, birthday parties at each location, a Library ComicCon, winter concerts in December, historical presentations and displays, music and cultural performances, and education activities for children and adults.

The New Year provides us with a fresh perspective and a time to embrace changes, so this month we focus on Resolutions and Renewal. At library events you can learn about ways to simplify your life from organizational tips to bullet journaling. There are also many opportunities to explore various methods of relaxation. In addition to these activities we are pleased to have the Wills return for The Presidents and Their First Ladies: Dramatically Speaking. They will share the story of William and Nettie Taft. Our popular author series, Writers Live! is back with a full lineup of authors sure to please you.

We are excited about our 50th Anniversary as we celebrate half a century of opening minds to a world of unlimited possibilities. We hope you will join us in celebrating the Library and our role in the community.

The History of the Palm Beach County Library System

In September 1969, the Palm Beach County Board of County Commissioners approved the operation of free library service in the County. To celebrate the 50th Anniversary the Library is hosting a year-long celebration with signature events, historical presentations and themed monthly activities that are relevant to our members and demonstrate how the library connects, inspires and enriches the lives of our community. January’s theme is Resolutions and Renewal as we embrace the new year, reflect on our past and envision future possibilities.

By Donna Smith, Assistant Branch Manager, Acreage Branch

Like many public libraries in the United States, the Palm Beach County Library System was founded to connect residents to informational resources and enrich their lives with recreational activities. Over the past 50 years, the Library System started out with one library branch, the Central Library (now the Main Library), a headquarters and a bookmobile, along with a cooperative of municipalities that already had their own libraries. Today, the Library System consists of a headquarters, a main library, an annex building housing adjunct services, a bookmobile and 16 branches with more on the horizon.

No longer are public libraries mere warehouses of books, with librarians guarding the peace and quiet for those who came to read and study. Instead, the libraries of today, like those in the Library System, are vibrant community centers. They have evolved into unique spaces where people can interact with others to share ideas and collaborate on projects, enjoy a story time, attend lectures and concerts, participate in arts and crafts, learn a new skill, and use computers and technology. While people still go to their local libraries to read and study, they are often amazed at the variety of resources, classes and events that are available to them free of charge. Others, still, can access library services from home. Whether they are visually-impaired participants of the Talking Books program or homebound and receiving materials via the Books-By-Mail service, residents can enjoy what the Library System has to offer. For those people living in remote areas, the Bookmobile staff takes the library to them. Even more, everyone can access a selection of library resources such as e-books, streaming videos, informational databases, and downloadable music at any time via the Library System’s engaging website.

At the heart of the Library System are the friendly and knowledgeable employees and volunteers. Throughout a half-century, they have provided help to students, told stories to children, taught computer skills and shared the love of books with the residents and visitors. Making a difference in the community, now, as in the past, are what library staff value most. The history of the Library system is not only about the buildings that were built or the books that were purchased, but more importantly, it is about the people who advocated for its existence and the staff and volunteers who have nurtured its growth for the betterment of the people of Palm Beach County.

The Founding Years: 1965-1969
Ingrid A. Eckler

The United States in the 1960s was a time of war and civil unrest. From the assassinations of John F. Kennedy, Martin Luther King, Jr. and Robert F. Kennedy to the Vietnam War and the many violent political protests, the country seemed as if it was unraveling. Yet, at the end of the decade, for one brief moment, people came together to mark a historic event—the landing on the moon by two American astronauts on July 20, 1969. Another way people came together that year, at least in Palm Beach County, Florida, was when residents attended the grand opening of the first branch built by the Library System. On September 25, 1969, the Tri-Community Public Library (now Tequesta Branch Library), located in the village of Tequesta, opened its door to a previously underserved public eager for access to books and information.

The Library System grew out of a need for improved library service within the county. In 1965, Ingrid A. Eckler and other members of the League of Women Voters of West Palm Beach advocated for bringing library service to those residents not being served by a municipal library. After an unsuccessful attempt the previous year, the League persevered and finally got the Board of County Commissioners to agree to hold a public hearing. The Board agreed and appointed a 15-member Library Service Committee, what later became known as the Library Advisory Board. Eckler became chair of this new committee. She worked tirelessly with the other members to conduct studies and surveys to determine how to improve and expand library service. Upon their recommendation, the Board of County Commissioners presented a bill to the Florida state legislature to create a Special Library Taxing District. The bill was passed in April 1967, and the Palm Beach County Library System came into being.

Ingrid Eckler, who also served as the first president of the Friends of the Library group, served on the Library Advisory Board for 21 years. The Main Library group, served on the Library Committee, what later became known as the Library Foundation, for 12 years. She worked tirelessly with the other members to conduct studies and surveys to determine how to improve and expand library service. Upon their recommendation, the Board of County Commissioners presented a bill to the Florida state legislature to create a Special Library Taxing District. The bill was passed in April 1967, and the Palm Beach County Library System came into being.

**Biographical**

*Based on a true story*

“The Catcher Was a Spy,” by Paramount

Moe Berg, an aging baseball catcher, is sent by the OSS to find and kill Werner Heisenberg before the Germans can build an atomic bomb.

**Drama, Action, Science Fiction**

*This title has something for everyone.*

“Cloud Atlas,” by Tom Tykwer, Lana Wachowski

The lives of a group of people are intertwined as they reincarnate through six historical periods – both past and future. Well written, with outstanding acting. R-rated for its frank treatment of sexual relationships and identity.

**Fiction**

*This sequel is a quick-read with wonderful character development. It stirred emotions throughout.*

“The Next Person You Meet in Heaven,” by Mitch Albom

The story of Eddie’s heavenly reunion with Annie, the little girl he saved on earth. Filled with unexpected twists, it reminds us that not only does every life matter, but that every ending is also a beginning.

I loved the way this novel explored the ideas of personal freedom and the consequences of not heeding others’ needs.

“Sula,” by Toni Morrison

Traces the lives of two black heroines from their close-knit childhood in a small Ohio town, through their sharply divergent paths of womanhood, to their ultimate confrontation and reconciliation.

**Historical Romance**

*Soon to be a Netflix series produced by Shonda Rhimes!*

“The Other Miss Bridgerton,” by Julia Quinn

Poppy Bridgerton is kidnapped after she stumbles on a smugglers’ cave. She is locked in the captain’s cabin. Once he realizes who she is and the trouble he’s in - he will undoubtedly have to marry her. But first, they sail to Portugal and get into all sorts of trouble.

**Science Fiction/Fantasy**

*For fans of the Game of Thrones who want to know more about the throne’s history.*

“Fire and Blood: 300 Years Before Game of Thrones (Targaryen History),” by George R. R. Martin

Begins with the legendary Aegon the Conqueror, creator of the Iron Throne, and goes on to recount the generations of Targaryens.

HELP SUPPORT ACTIVITIES

The Friends of the Library are the proud sponsors of more than 200 activities and classes at branch locations throughout the County. Their support allows the Library to purchase craft supplies, bring in talented musical performers and purchase equipment used in training. Without their support the Library would not be able to offer many of the musical performances, presentations, craft activities and educational workshops. The Friends funds support items that are not covered by the Library's budget.
