Sexual Assault Awareness Month (SAAM)

Palm Beach County Victim Services and Certified Rape Crisis Center (PBC Victim Services) and the Library System are recognizing April as Sexual Assault Awareness Month (SAAM) and our goal is to raise public awareness about sexual violence and educate communities on how to prevent it. This year’s theme is: “I Ask” - clarifying the “consent” conversation.

- Consent is a clear, concrete example of what it takes to end sexual harassment, abuse and assault.
- Consent is about more than just asking — it is about listening to and accepting the answer without pressuring someone to change their mind.
- Consent and respecting boundaries are a part of healthy relationships.

The #MeToo movement has brought sexual assault into the forefront. The impact of sexual assault on survivors is long lasting. What can we do as a society to prevent another #MeToo story? One way that everyone can get involved is by always respecting the personal and emotional boundaries of those around them. We can ensure that boundaries are not crossed by asking for consent.

PBC Victim Services is the local Certified Rape Crisis Center in Palm Beach County with five locations throughout the County working closely with multi-disciplined agencies including the State Attorney’s Office and all Law Enforcement Agencies. We provide comprehensive services to primary and secondary victims of sexual violence, domestic violence, stalking, survivors of DUI, homicide and other violent crimes. Our services are free of charge and confidential. Our Helpline - 561-833-7273 - is answered by trained sexual assault counselors 24/7.

Survivors, allies and the supporting community are invited to the events held throughout the month. The Library will have book displays highlighting sexual assault awareness and prevention along with PBC Victim Services resource information. A list of materials will be available on www.pbclibrary.org/SAAM with links so you can check out and reserve these materials.

What Were You Wearing Art Exhibit
Office Fashion aims to explore the cultural attitudes around sexual assault — victim blaming and implying that a survivor could have prevented their assault had they worn something less revealing. The exhibit will display outfits from survivors, similar to what they wore during their assault.

Denim Day & Fence Jean Display
Wear denim to show support for survivors! This global event was triggered by a ruling from the Italian Supreme Court claiming that because the victim was wearing tight jeans on the day she was raped, she must have helped her assailant remove them and thus the sex was consensual and not rape; the rape conviction was overturned. The following day, in a show of solidarity, women working in the Italian government wore jeans to protest the decision of the Italian Parliament.

Throughout the month Sexual Assault Survivors will express their healing through words with jean art display on the SART Office fence.

From the Director

50 years is a birthday worth celebrating with friends!

On September 29, 1969 the Palm Beach County Board of County Commissioners adopted a resolution “for the establishment, maintenance and operation of a free library service in Palm Beach County.” The first branch library was located in the Gallery Square in Tequesta with a bookmobile serving other areas of the County. Since then the library has expanded with 17 locations and a bookmobile serving residents in the unincorporated areas and 24 municipalities.

To commemorate this golden anniversary, the Library along with the Friends of the Palm Beach County Library System, a nonprofit 501(c)3 organization, are hosting a yearlong celebration with signature events including a community celebration, a reception and silent auction, birthday parties at each location, a Library ComicCon, four winter concerts, historical presentations and displays, music and cultural performances, and education activities for children and adults. Branches will also offer monthly thematic activities to incorporate our mission to connect communities, inspire thought and enrich lives.

To help us celebrate, we are inviting individuals, organizations and companies throughout the County to become 50th anniversary sponsors. All sponsors will be working through the Friends of the Library, whose mission is to help raise funds to support Library activities, programs and services not supported by tax dollars. All sponsors will be given membership to the Friends of the Library.

Sponsorships are available for the yearlong efforts, an individual event or activity, or one of the Library’s annual events. Our sponsors will be recognized through many channels that connect to Library visitors. Last year the Library received more than 4.2 million visitors and hosted more than 10,000 activities. The bookmobile travels throughout the County to 42 locations a month, and our website received 9 million hits. Sponsors will also receive recognition in Happenings, our monthly magazine. Each month we distribute more than 12,500 copies in the Library and other locations throughout the County.

We are excited about our 50th anniversary as we celebrate half a century of opening minds to a world of unlimited possibilities. Thank you for your support of the Palm Beach County Library System, and we look forward to a rewarding partnership and an exciting year.

Sincerely,

Douglas Crane
Library Director

SPONSORED BY THE FRIENDS OF THE PALM BEACH COUNTY LIBRARY SYSTEM.
As the United States experienced a period of peace and prosperity throughout the 1980s and then again in the early 2000s, the Library System went through unprecedented growth. To keep up with the rapid increases in population, the Library System expanded library service to different areas of Palm Beach County, particularly out in the western communities.

Jerry Brownlee, the Library System’s second director, oversaw the first Library Expansion Project, which was passed by voter referendum in 1986. It was completed in 1997, with ten new buildings and two facilities which were renovated and expanded. The second Library Expansion Project started in 2002 after residents voted again to fund the expansion of library service. Yet, events out of Brownlee’s control delayed many of the plans. A series of hurricanes in 2004 and 2005 depleted many of the construction materials and other resources.

Brownlee was also instrumental in expanding children’s services beyond the regular story times and adding a focus on services for teens. He also encouraged the staff to reinstate adult programming throughout the System. Scheduling lectures and musical performances, screening movies and teaching computer and information literacy classes are among the many appealing activities that were planned for adults.

Jerry Brownlee served as director for 26 years and retired in 2005.

**Special Collections Found on Our Shelves**

All of us have special interests and at the Library we have some special collections covering a multitude of topics. These collections are housed at different locations throughout the County. What makes a special collection varies; some are official collections that are listed in our catalog, others are temporary, or have been developed to meet the needs of a specific community or interest group. The six listed here are listed in the catalog and you can place a hold on most items for pick up at your branch.

1. **The Audubon Collection**
   In 1979, the Audubon Society of the Everglades (ASE) donated funds to Palm Beach County to establish an ornithological collection at the Main Library. The Society’s Library Committee selects the best of the new books published on birds and birding for the library collection. Bequests and donations to the ASE fund the collection. Included in the collection are books on bird-watching and field guides to the birds from all regions of the globe, with special focus on North and South American regions.

   The collection also features books about individual species of birds and about the science of ornithology. Several important multi-volume, birds-of-the-world encyclopedias are included. The collection is an ongoing project of the Audubon Society of the Everglades, and it is becoming one of the most informative and complete collections of bird books found in Florida.

2. **Florida Collection**
   This collection showcases the history, geography, climate, flora and fauna, culture and the people who shaped this unique state. This collection is housed at the Main Library and is a must see for anyone who enjoys finding out more about the place we call home.

3. **Foreign Language Materials**
   There is also a rich and ever-growing collection of informational and recreational books in Spanish, Haitian Creole, French, Hebrew, Portuguese, Russian and Yiddish. Many branches have shelves dedicated to the Spanish collections for adults and children.

4. **Haitian Cultural Collection**
   Located at the Lantana Road Branch, this collection was unveiled during Haitian Heritage Month in 2017. The collection includes materials about the history and the culture of the country. The collection includes many works in French and Haitian Creole.

5. **Library & Information Science Collection**
   For those studying to become librarians, the Main Library offers books and professional journals about library and information studies.

6. **Parenting Collection**
   Located at the Gardens Branch, this collection provides all the tools, tips and tricks that every parent needs to help guide them in raising their child. You will find advice for handling the challenges at each stage of life and you can explore the different methods of raising a happy, healthy child.

   These are just some of the special collections that are available for you to read and enjoy. Searching for these books is made easy as the collection is accessible in the online catalog and most are available to borrow. You can find these collections by searching the web catalog for the topic (i.e. Parenting) and then narrow your list based on Shelf Location in the catalog.

The Friends of the Library are the proud sponsors of more than 200 activities and classes at branch locations throughout the County. Their support allows the Library to purchase craft supplies, bring in talented musical performers and purchase equipment used in training. Without their support the Library would not be able to offer many of the musical performances, presentations, craft activities and educational workshops. The Friends funds support items that are not covered by the Library's budget.
