Introduction

The purpose of the Palm Beach County Library System’s Strategic and Long-Range Plan is to provide strategic guidance for the delivery of library services over the next three years. It outlines a vision of outstanding library service for residents of the Palm Beach County Library District.

This plan reflects changes occurring in our community and in the information environment. Our community is becoming more complex and diverse. The information environment is also evolving rapidly with more materials, information, and services available electronically.

We strive to meet the challenges of changing technology and population growth. While continuing to meet the needs of those who seek traditional services in traditional formats, the Library also recognizes the demand for new technology. Our goal is to apply new information technology based on community need as indicated by feedback from library members, while striving toward national benchmarks for services.

The Library System’s mission is to connect communities, inspire thought and enrich lives. The combination of material formats and services offered will be determined by community needs, cost and value received, and availability of funding.

To make this plan a reality, the Library System needs critical support and active collaboration. Improvement in services must be based on continuous consultation with all library stakeholders: citizens at large, Library District residents, library users, Library Advisory Board, Friends of the Library, Board of County Commissioners, County Administration, library staff, and all others who value the information, knowledge, and wisdom that libraries can provide.
Basic Information about the Library

STRUCTURE

The Palm Beach County Library System (PBCLS) operates as a department of county government. The Board of County Commissioners is the Library’s governing body, and the Library Advisory Board represents the County Commission to the Library in matters pertaining to library service and the means to meet objectives.

LIBRARY DISTRICT

History: The Palm Beach County Library District was established by the passage of a Special Act of the Florida Legislature in 1967. This Act allowed the Board of County Commissioners to establish a library system and a dependent taxing district to support it. The district was to be made up of all areas of Palm Beach County not taxed by a municipality for library services. In 2000, the act was codified and revised to provide various options for capital funding.

Current Status: The District consists of the unincorporated area of Palm Beach County plus 24 municipalities that do not tax their residents for library purposes. Reciprocal borrowing privileges are provided to residents of Boynton Beach, Delray Beach, Lake Park, Lantana, Lake Worth Beach, North Palm Beach, Palm Springs, Riviera Beach, and West Palm Beach under the guidelines for receiving a State Aid to Public Libraries grant and through membership in the Library Cooperative of the Palm Beaches.

Borrowing privileges are also offered to any child residing in or attending school through grade 12 in Palm Beach County and to any teacher in licensed K-12 institutions.

Future: Census figures reflect the following population growth in the Library District:

</tbody>
</table>
Much of the county’s past growth has occurred within the area served by the Library System. This trend is expected to continue and will decidedly shape the future of our Library System.

**DEMOGRAPHICS**

From 2000 to 2019, the population of the Library District grew from 731,460 to 953,369 (estimated), a 30% increase.

According to the U. S. Census Bureau, the 2017 estimate for Palm Beach County’s Hispanic population was 21.3% of the total County population; the national figure is 17.6%. The 2017 estimate for Palm Beach County’s Black/African American population is 18.5% of the total County population; the national figure is 12.7%.

The median age for Palm Beach County is 44.4 years and the percentage of those 65 and over is 23.0%, compared to the national figures of 37.8 years and 14.9%, respectively.

**SUMMARY OF SERVICES**

The Library System serves an area comparable in size to the state of Delaware. Service is provided through the Main Library, sixteen branches, and a logistical support center. Access Services includes a Bookmobile, Talking Books and Books-by-Mail, while Community Engagement offers Adult Literacy Tutoring and Outreach to Day Care programs. In Fiscal Year 2018, the Library lent over 7.8 million items and answered more than 1.6 million research questions.

**COLLECTION**

The Library provides access to holdings of over 1.92 million items and offers expanding access to electronic information. Further access to both hard copy and electronic information is provided by participation in regional, state, and national networks which allow reciprocal access to resources of all member libraries.
STAFF

The FY 2019 staffing complement consists of 480.300 FTE (full-time equivalent) employees. These figures represent 429 permanent, merit positions, of which 130 are Librarians, and 118 temporary positions.

FACILITIES

Multiple library branches serve as Early Voting locations and polling places during elections. As required by law, all locations distribute and collect Florida voter registration applications which are date stamped by Library staff before being forwarded to the Supervisor of Elections Office.

As the buildings that were completed during the Library Expansion Program II age, increased building maintenance costs can be expected. Moving forward, the Library must fund ongoing small capital projects to ensure that the facilities remain safe, attractive and well-maintained.

As the County experiences increases in population and continued growth, the Library System will need to plan for additional library expansion projects and renovations. A new 30,000-square-foot branch is planned to be built in the Canyon Town Center in western Boynton Beach and is projected to be completed in 2022.
FINANCIAL SUPPORT

The Library’s proposed budget for Fiscal Year 2020 is $67,760,570. As in the past, we continually seek alternative revenue sources to supplement ad valorem funding.

For example:

· Impact Fees are used for opening day collections of library materials and building construction to the extent possible.

· A $55 million bond issue was approved by Library District voters in November 2002 to fund the second Library Expansion Program.

The following alternative revenue sources are sought on an ongoing basis:

· Funds distributed as a part of the Universal Service Fund (E-Rate) discount program will partially defray telecommunication costs.

· Commission approval to fund Impact Fees at the maximum level has been accomplished.

· All other grant opportunities are explored and, where practical, applications are filed.

· The Friends of the Library plan fundraising projects to purchase special equipment for new and renovated branches.
Executive Summary

The Palm Beach County Library System has a vision to open minds to a world of unlimited possibilities. We strive to achieve this vision each day through our mission to connect communities, inspire thought and enrich lives.

In 2017, library staff updated and modernized the Long-Range Plan to align it with the Library’s Vision and Mission statements. This Plan addresses community needs and emerging trends to maximize the Library’s impact throughout Palm Beach County. It serves as a guide for the Library’s future development as a cornerstone of a well-informed and educated community.

As a vital part of the strategic planning process, Library staff sought the input of the community. Community forums were held in locations across the County, both at Library System locations and at various offsite locations, where residents gave their feedback concerning the community’s needs and ways the Library can help meet those needs. Additional feedback was obtained through an in-house survey, interviews with non-users, and by asking for suggestions from children and teens. The information gained from this feedback served as the basis for this Plan.

As a result of continuing feedback from the community and staff, the Plan for FY2020-2022 has been streamlined and reorganized to increase its effectiveness and functionality.

The Palm Beach County Library System’s Mission Statement is the heart of our Long-Range Plan and embraces the following three components:

- Connect Communities
- Inspire Thought
- Enrich Lives

The Library will achieve each of these components of the mission through goals, objectives and activities. This Plan sets guidelines for accomplishing our mission, and it communicates our commitment to provide excellence in library service. This Plan was developed by Library staff with input from the Library Advisory Board, County Administration, and Library users.
**Connect Communities**

The Library “connects communities” by encompassing three goals which include enhancing the role of the library in the community, promoting inclusivity and embracing diversity, and providing opportunities for individuals and organizations in the community to become involved with the Library.

The Library will enhance the role of the library in the community by helping government and 501(c) 3 organizations with their research needs, by encouraging more visits to library locations and to the library’s website, and by improving the literacy skills of children through the ABC kit program.

The Library will promote inclusivity and embrace diversity by striving to recruit and retain a diverse staff, by providing English language tutoring through English Exchange activities, and by developing foreign language collections to meet community needs. Immigrants and refugees will be welcomed through participation in the library’s citizenship-related classes and naturalization ceremonies. Activities and events for the blind and visually impaired, for the homebound, and for individuals with special needs will be developed and tailored for these specific audiences.

The Library will provide opportunities for community members and organizations to become involved with the Library by assisting the Friends of the Palm Beach County Library System with their fundraising efforts, by providing volunteer opportunities for adults and students, by seeking new for-profit and/or non-profit partnerships, and by maintaining library representation on community group, civic organization, governmental and non-profit boards and committees. A partnership with the School District of Palm Beach County will be maintained to serve lunches and snacks to children, ages 0-18, at multiple library locations during the summer months.
Inspire Thought

The Library “inspires thought” through two main goals: providing the public with free access to library materials in a variety of formats, both for borrowing and for research, and by providing a welcoming environment to spark creativity, stimulate thoughtful conversation and encourage collaboration.

The Library will provide access to electronic content, online research tools and physical materials to meet the needs of the community. The collections will be maintained to ensure currency of materials and to meet the number of holdings per capita recommended by the Florida Public Library Outcomes & Standards. Research services offered by the Library will provide prompt and accurate information to all Palm Beach County residents in person, on the telephone, and electronically through email and live chat with a goal to increase the number of research transactions handled in FY2020.

Library staff will provide a welcoming environment to spark creativity, stimulate thoughtful conversation and encourage collaboration by establishing Pop Up Media Labs at 13 branch locations, by creating a clean, friendly and intuitive environment through evaluation and implementation of signage guidelines, and by identifying and implementing technological solutions as indicated by library member and staff feedback.
**Enrich Lives**

The Library “enriches lives” by providing educational opportunities to learn and grow for all ages. The two goals for this mission are to design family learning opportunities to improve children’s abilities to achieve academically and to offer activities that will allow the community to learn and interact.

The Library will enrich the lives of children, the future leaders of our community, by encouraging them to develop a love of reading, learning, and libraries. Children’s classes, the Summer Reading Program, and special events will provide a setting where children’s confidence, reading skills, and sense of community are developed. Activities and events will be presented to foster family literacy.

Library staff will offer activities that allow the community to learn and interact. Adult literacy instruction will provide one-on-one instruction taught by volunteer tutors, business/financial, employment, and health-related activities will be offered with the objective of improving the attendees’ understanding of the topic and/or their skill level, and a variety of literary, recreational, informational, and performance-based activities will be offered to attract an increase in attendance.

CHAPTER 2000-405

House Bill No. 971

An act relating to Palm Beach County; providing for codification of special laws regarding special districts pursuant to Chapter 189, Florida Statutes, relating to the Palm Beach County Library District, a dependent special taxing district in Palm Beach County; amending, codifying, and repealing chapters 67-1869, 76-460, and 86-431, Laws of Florida; ratifying and confirming the creation and establishment of the Palm Beach County Library District; providing definitions; providing for a library advisory board; providing operating rules and procedures; providing for budget and reports; providing for contractual service; providing for title of library to be in county; providing for receipt of gifts and bequests; providing for taxation and contracts; providing for a county library fund; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Pursuant to chapter 189, Florida Statutes, this act constitutes the codification of all special acts relating to the Palm Beach County Library District. It is the intent of the Legislature in enacting this law to provide a single, comprehensive special act charter for the district, including all current legislative authority granted to the district by its several legislative enactments.

Section 2. Chapter 67-1869, Laws of Florida, chapter 76-460, Laws of Florida, and chapter 86-431, Laws of Florida, relating to the Palm Beach County Library District, are codified, reenacted, amended, and repealed as herein provided.

Section 3. The Palm Beach County Library District is re-created and reenacted to read:

Section 1. Short title.—This act shall be known and may be cited as the “Palm Beach County Library District Act.”

Section 2. Palm Beach County Library District Charter.—It is the intent of this act to create a Palm Beach County Library District for which the governing body will be the Board of County Commissioners of Palm Beach County, for the purpose of establishing, operating, and maintaining a free public library or providing for contractual library services for the benefit and use of the residents of Palm Beach County, who are taxed for such library or library service. This taxing district shall be subject to chapter 120, Florida Statutes, as it pertains to the Florida Administrative Procedure Act, when applicable.

A. Definitions.—As used in this chapter, the following words and terms shall have the following meanings, unless some other meaning is clearly indicated:

1 CODING: Words [stricken] are deletions; words [underlined] are additions.
(1) “Library advisory board” shall refer to a board of citizens, which shall represent the board of county commissioners in matters pertaining to county free public libraries or free public library service. This shall include, but not be limited to, matters of policy, budgeting, and employment of the head librarian.

(2) “Commission” shall mean the Board of County Commissioners of Palm Beach County.

(3) “Contractual library service” shall refer to the library service provided by the county to its residents by means of a contractual arrangement.

(4) “District” shall refer to the Palm Beach County Library District which shall include all taxable property within the county not already taxed for library purposes by a municipality.

(5) “Palm Beach County Library System” or “library system” shall refer to the entity created by the district to provide free public library services.

B. Organization for administration of the library system.—The responsibility for operating and maintaining the library system shall be delegated to a head librarian, qualified according to standards established by the library advisory board.

C. Library advisory board.—The commission shall appoint a citizens advisory board to represent them in administering the library system. The library advisory board shall select the head librarian, and make policy and budget decisions subject to the approval of the commission. The commission shall appoint the library advisory board to consist of at least seven (7) and not more than fifteen (15) citizens of the district, and establish qualifications and terms for membership. The library advisory board shall serve without pay, but may be reimbursed for actual expenses subject to the approval of the commission.

D. Operating rules and procedures.—The library advisory board may establish such rules, regulations, and procedures as are deemed necessary for the operation of the library system; provided, however, that no such rule, regulation, or procedure shall conflict with any law, statute, or regulation established by the Legislature of this state or the commission of the county.

E. Budgets; reports.—Budgets and reports shall be prepared and filed by the head librarian in accordance with instructions and regulations of the commission, but in no case shall the budget be filed later than July 1 of each year or the annual report later than January 1 for the preceding fiscal year.

F. Contractual library service.—In carrying out the provisions of this chapter, the commission may either acquire and provide for the maintenance and operation of a free public library for the county, or may provide free library service to the citizens of the county by entering into a contract therefor with any municipality or municipalities, or both, with any nonprofit library corporation or association in Palm Beach County owning a free public library, or with any other county or municipality in the state owning a free public library. Any municipality or any nonprofit library corporation

CODING: Words stricken are deletions; words underlined are additions.
or association owning a free public library in Palm Beach County may enter into a contract with the county to receive services including, but not limited to, library materials and technical assistance from the library system upon such terms as may be agreed upon by the county and the governmental body of the library contracting therewith.

G. Title of library to be in the county.—The title and ownership of all land, buildings, facilities, equipment, and library materials constructed or acquired by or on behalf of the library system shall be in Palm Beach County.

H. Gifts and bequests.—The commission is authorized to receive on behalf of the district any gift, bequest, or devise for the library system or for use in the county contractual library service.

I. Taxation and contracts.—

(1) In order to establish and maintain a free public library or to provide contractual library services, the commission may levy an annual tax, in the same manner and at the same time as other county taxes, upon all taxable property within the district, and may thereafter enter into a contract with any municipality in Palm Beach County to furnish free public library service upon terms to be agreed upon by the county and the governing body of the library contracting therewith.

(2) Any municipality owning or operating a public library, or any nonprofit library corporation or association in Palm Beach County owning a free public library, may enter into a contract with the commission to furnish or receive any library service upon terms to be agreed upon by the parties thereto, or any municipality without a free public library may enter into a contract with the commission to receive library service upon the terms to be agreed upon by the county and the governing body of the municipality.

J. County library fund.—

(1) All funds of the district, whether derived from taxation or otherwise, shall constitute a separate fund to be known as the county library fund, and shall be expended only for library purposes. The expenses incurred by the library system shall be paid by warrants drawn by the commission, payable out of the county library fund. At the end of each fiscal year, all moneys unexpended in the county library fund shall be appropriated as part of this fund for the subsequent fiscal year.

(2) The commission shall not make expenditures in any year in excess of the amount available for library purposes.

(3) Library capital improvements may be funded by:

(a) A multi-year levy; or

(b) Bonds issued by the commission; or

(c) As part of the annual tax; or

CODING: Words stricken are deletions; words underlined are additions.
(d) Any appropriate public funding source.

(4) The commission is hereby authorized to submit a referendum for library capital improvements to the voters of the district.

(5) Upon approval of a majority of the voters of the district voting, the commission shall levy the voter approved millage for the number of years likewise approved, or authorize the issuance of bonds and necessary millage for debt service.

(6) Library capital improvements may include:

(a) Acquisition of library sites.
(b) Acquisition, construction, or renovation of buildings.
(c) Acquisition of bookmobiles.
(d) Acquisition of initial furniture and equipment.
(e) Acquisition and processing of initial library material collections.

(7) If any municipality not a part of the district chooses to enter the district, that municipality must transfer resources currently being used to provide public library service and/or such other resources as would be required for the library system to provide to the residents of the entering municipality comparable library service to that provided throughout the district.

Section 4. The provisions of this act shall be liberally construed in order to carry out effectively the purposes of this act.

Section 5. It is declared to be the legislative intent that if any section, subsection, sentence, clause, or provision of this act is held invalid, the remainder of this act shall not be affected.

Section 6. Chapters 67-1869, 76-460, and 86-431, Laws of Florida, are repealed.

Section 7. This act shall take effect upon becoming a law.

Approved by the Governor May 22, 2000.

Filed in Office Secretary of State May 22, 2000.
