Be Water Smart: Essential Tips for Water Safety

Summer brings fun water activities, but it's crucial to stay vigilant about water safety. Drowning can happen quickly and to anyone, regardless of age or swimming ability.

Quick Facts:
An individual can drown in the time it takes to answer a phone.
Florida leads the U.S. in drowning deaths of children ages 1-4.
In Palm Beach County, adults aged 20-25 have the highest drowning rate.

Top Safety Tips:
Supervise Constantly: Always have an adult watching children around water, using the “Water Watcher” system for undistracted supervision.
Learn to Swim: Enroll in swimming lessons. Many facilities offer lessons for children, adults and those with special needs.
Use Barriers: Install pool fences and covers and use alarms to prevent unsupervised access.
Be Prepared: Learn CPR and keep a rescue tool handy for emergencies.

Specific Areas of Caution:
Bathrooms: Never leave a child alone in the bath and keep toilet lids closed.
Backyards: Ensure pool safety with barriers and remove ladders when not in use.
Natural Waters: Avoid swimming in dirty water like lakes and canals.
Boating: Always wear life jackets and designate a sober skipper.

For more information and resources, visit the Drowning Prevention Coalition of Palm Beach County’s website. The Library also offers resources in our collection. Scan the QR code to see a list of related Library materials.

Stay safe and enjoy the water responsibly!

**Wed, Jul 24, 2:00 pm - 3:00 pm**

---

**Beat the Summer Heat**

To prevent heat-related illnesses:

- Never leave children, vulnerable adults or pets in a parked car – Temperatures in a parked car can rise quickly which can cause death for children, vulnerable adults or pets. If you see a person or pet in a parked vehicle on a hot day, call 9-1-1 immediately.
- Limit time outside – avoid being outside during the midday heat and spend more time inside when possible.
- Utilize public spaces – take advantage of public spaces with air conditioning when possible. Use this time to read a book or surf the internet at one of our great library locations within the county; visit a local park or neighborhood splash pad, a public or community pool, your local community center or neighborhood clubhouse. Even plan your shopping for the middle of the day to stay cool when it is hottest out.
- Stay hydrated – drink plenty of water, even if you don’t feel thirsty.
- Do not get too much sun – apply sunscreen if you are going to be in the sun.

For more heat related preparedness information visit Extreme Heat (fema.gov) and/or Heat Illness Prevention (OSHA.gov).

Come paint some quiet fireworks and enjoy a summer story. Ages 5 & up. Preregister.

Did you know?

Every July 4, Americans celebrate Independence Day with fireworks, barbecues and parades. But do you know the history behind this national holiday?

During the American Revolution in 1776, the Continental Congress voted for independence on July 2 and the Declaration of Independence was adopted on July 4. This document announced the separation from Great Britain and articulated the principles of freedom.

The first celebrations were modest. On July 8, 1776, the Declaration was read in Philadelphia. By 1777, the city marked the first anniversary with bonfires, fireworks and public celebrations, setting a precedent.

By the early 19th century, the Fourth of July was a significant public holiday across the U.S., with parades, speeches and gatherings. It became an official federal holiday in 1870 and a paid federal holiday in 1938.

Today, the Fourth of July features fireworks, parades, picnics and barbecues, reflecting American diversity and spirit. It remains a powerful symbol of independence, liberty and democracy.

So, the next time you celebrate, reflect on the holiday’s storied past and its significance to the beginning of American history. Look for the logo to find programs related to the Fourth of July.
ALL AGES
Family Yoga
