During this 250th birthday celebration year of the United States, William and Sue Wills are especially proud that their unique "Presidents and Their First Ladies, Dramatically Speaking" is the only theatrical creation offering dramatic portrayals of 36 First Couples covering over 250 years of American history. With their "Presidents and First Ladies" program, William and Sue hope that by presenting the personal side of our first couples, they will become more than just names read about in history books.

They proudly present to us the story of the President and First Lady in office during the 100th birthday of the nation and the man very responsible for the country's ability to reach that milestone, Ulysses and Julia Grant.
